

LIFE RecOrgFert PLUS

Del_06 - NOTICE BOARDS

Project Information

Grant Agreement Number	LIFE20 ENV/IT/000229
Project Full Title	Organic-mineral fertilizers by using recovered sulphur & orange wastes as sustainable soil recovery from desertification
Project Acronym	LIFE RecOrgFert PLUS
Funding scheme	LIFE Environment and Resource Efficiency
Start date of the project	01 st September 2021
Duration	42 months
Project Coordinator	Antonio Scialletti (SBS)
Project Website	https://www.life-recorgfertplus.eu

Deliverable Information

Deliverable n°	06
Deliverable title	Notice Boards
Action no.	D1
Action Leader	SBS
Authors	Luigi Lisciandra (SBS)
Contributors	All partners
Reviewers	Antonio Scialletti (SBS)
Contractual Deadline	31/01/2022
Delivery date to EC	31/01/2022

Dissemination Level

PU	Public	x
PP	Restricted to other programme participants (incl. Commission Services)	
RE	Restricted to a group specified by the consortium (incl. Commission Services)	
CO	Confidential, only for the members of the consortium (incl. Commission Services)	

Document Log

Version	Date	Description of Change
V1.1	22/12/2021	First draft
V1.2	31/01/2022	Final draft

Table of Contents

1	Executive Summary	4
2	Introduction	4
3	Notice boards	4
4	Conclusions	6

1 Executive Summary

Deliverable 06 "Notice Boards" is a report about the development of project's notice boards that have already been created and placed at the beneficiaries' premises. A short description of the work and the usage of this communication material will be given inside the document.

2 Introduction

Also known as on-site panels or interpretation boards, noticeboards describing the project should be displayed at strategic places accessible to the public. Notice boards are, in fact, considered very important for the dissemination of the project as well as informing the locals, and partners' customers that the project is financed by the LIFE Programme. For this reason, notice boards will be displayed at partners premises and pilot plants.

3 Notice boards

LIFE RecOrgFert PLUS notice boards are composed by different parts:

- **Top part of the board:** the project logo, the project full name and acronym, the social media and project website are displayed.
- **Central part of the board:** this part is dedicated to the description of the project, the environmental problem the project is addressed to, the proposed solution and the main objectives. On the right, the composition of the consortium is shown.
- **Bottom part of the board**: the LIFE Programme flag and acknoledgment, the details of the project (starting/ending date, EU Contribution, Total project's cost) and the contacts are provided.

An Italian version and an English version have been developed and they are both available for free download from the project website.

4 Conclusions

Notice boards will be useful Communication material also during conferences and events to give a general overview of the project.
